FLUTTER DEVELOPER

Giza, Egypt • 01127502002 • mhmedfares61@gmail.com • linkedin.com/in/mohamed-fares-a98179218 • github.com/midofares61

PROFILE

Flutter Developer with 4+ years of professional experience building and deploying cross-platform mobile applications for Android and iOS. Experienced in Flutter, Dart, BLoC/Cubit, REST and GraphQL APIs, Firebase, Git/GitHub, CI/CD, and production app delivery. Comfortable working with existing codebases, integrating backend services and payment gateways, improving performance, and delivering clean, maintainable features. Particularly interested in real-time, AI-powered, and SaaS products.

TECHNICAL SKILLS

Flutter & Dart	Cross-platform Android/iOS development
State Management	BLoC, Cubit, Provider
Architecture & Code	Clean, scalable structure; reusable widgets
Backend Integration	RESTful APIs, GraphQL, JSON serialization, Laravel APIs, Serverpod, Supabase
Data & Auth	SQLite, Drift, Hive, Firebase Firestore, Firebase Auth, OAuth
Payments	Paymob, Vodafone Cash, Etisalat Cash, InstaPay
UI/UX	Responsive design, Material Design, custom widgets, Rive animations
DevOps	Git/GitHub, GitHub Actions, Fastlane, Google Play & App Store deployment

PROFESSIONAL EXPERIENCE

Flutter Developer — Lawyer Support 09/2025 – Present | Giza, Egypt (Remote)

- Build and maintain Daam Lawyer, a legal management platform for lawyers covering case tracking and client management.
- Implemented secure authentication and session handling using Firebase Auth and OAuth.
- Integrated the Paymob payment gateway for online subscriptions and in-app payments.
- Delivered responsive Arabic-first RTL interfaces built from reusable custom widgets.

Flutter Developer — Bird Technology 02/2024 – 08/2025 | Haram, Egypt

- Developed and maintained a mobile application for creating and managing social media advertising campaigns.
- Integrated local payment methods including Vodafone Cash, Etisalat Cash, and InstaPay.
- Implemented refund and coupon functionality to improve campaign flexibility.
- Published the application on Google Play, reaching 1K+ downloads.

Flutter Developer — Sintac Code 05/2022 – 01/2024 | Haram, Egypt

- Built and deployed multiple cross-platform applications for clients across e-commerce and service businesses.
- Implemented scalable state management using BLoC and Cubit.
- Collaborated with backend developers to integrate REST APIs and improve application performance by 20%.

SELECTED PROJECTS

Daam Lawyer — Comprehensive legal management platform for lawyers, enabling case tracking, client management, secure authentication, and online payment gateway integration (Paymob). Built at Lawyer Support.

Bird Ads — Mobile platform for creating and managing sponsored social-media advertising campaigns, with local payment methods, coupons and refunds. Published on Google Play with 1K+ downloads.

EDUCATION

Information Technology Institute (ITI): Professional Diploma in Mobile Application Development using Flutter | Completed 2024
Helwan University: Bachelor's Degree in Sociology | 2024

CORE STRENGTHS

Problem-solving • Team collaboration • Strong communication • Production-focused development • API integration • Payment gateway integration • Performance optimization • AI-assisted development
